2:45 – 4:15	The Role of the CCHC cont.
4:15 - 4:30	Wrap-up/Evaluation

Training Location

The training will be held on the Lowry campus. The name of the CDPHE building is LARS. (Laboratory and Radiation Services) The address is 8100 Lowry Blvd, Denver though the front door you will enter does not face Lowry. The address helps if you wish to use www.mapquest.com

From the intersection of Colorado Blvd and Alameda, proceed east on Alameda. At FAIRMOUNT turn north (left). Fairmount is the first stoplight east of Quebec. Proceed north past the apartments on your right to the one story building also on your right. This is LARS

There is parking available. We are meeting in the training room inside the front door to your left. If you get to the traffic circle on Fairmount you have gone too far. Turn into the lot before the traffic circle.
